STARTLING CHARGES

Made by the Attorney General of New York State.

RECEIVERS ARE ASKED FOR

New York City Railway Company Directors Alleged to Be Guilty of Extravagance and Neglect or Failing to Account for Millions of Dollars.

New York, Oct. 2.—Startling charges of extravagance and neglectful management, or if not that, failure to account for millions of dollars, are made by State's Attorney General Jackson in a petition filed Tuesday calling for the appointment of receivers for the New York City Railway company and the Metropolitan Street Railway company and also demanding the dissolution of the New York City Railway company. The application for receivers was made to Justice Ford of the supreme court, who issued an order for the defendants to appear in court on Oct. 3 and answer to the complaint.

The attorney general's action further complicates a situation already considerably entangled by reason of the various inter-related corporations which control and operate the traction lines in Manhattan Island. Adrian H. Joine and Douglass Robinson were appointed receivers for the New York City Railway company by Judge Lacombe in the district court several days ago and Tuesday the same receivers were named in the same court on application of the company's attorneys to act for the Metropolitan Street Railway company.

Big Deficit Is Charged.

The New York City Railway company leases the lines of the Metropolitan Street Railway company under a guarantee to pay 7 per cent dividends on the Metropolitan stock. This dividend has never been earned since the date of the lease and the attorney general charges that the deficit to date amounts to more than \$10,000,000. The attorney general declares also that the Interborough Metropolitan Railway company, which absorbed the New York City Railway company in 1906, assumed all obligations of the company and he sets forth that the New York City Railway company and its directors have taken no stand to force the Interborough-Metropolitan to carry out its obligations.

The allegations hinting at fraud are made in connection with the company's construction account, the most sensational being that a charge of \$509,900 per mile was made for the rebuilding of certain surface lines. Attorney General Jackson alleges that the appointment of receivers for the New York City Railway company by Judge Lacombe in the United States circuit court was illegal and demands that the defendants be directed to pay back all money and the value of all property "which was lost and wasted by or through them."

The defendants named are Daniel B. Hasbrouck, De Clifford Moorehead, Herbert H. Vreeland, Richard W. Meade, Robert A. C. Smith, Charles E. Warren, William Fahnestock, Solomon Guggenheim, Ralph L. Anderson, Jr., and the Metropolitan Street Railway company.

BIG STEAL PLANNED.

Alleged Land Grant May Defeat Oklahoma Constitution.

Washington, Oct. 2.—Will President Roosevelt reverse himself on the Oklahoma constitution question?

An effort is being made by Republican leaders to have President Roosevelt reopen the case, and it is said that if he does a scandal will be brought to light.

Last Thursday the president gave it out flatly that he would promulgate the constitution when it reaches him. His chief reason for such action was the tremendous majority given for it at the election. At the time he said his opinion of the constitution "was not fit for publication."

Later he told a Western senator that while he had made the announcement he was "still open to conviction" and that if it could be shown that the constitution was not republican in form he would reject it.

With this ray of hope, the Republicans of Oklahoma have renewed the fight. They have submitted to Attorney General Bonaparte a brief showing wherein they believe the constitution is unrepugnant in form. They build their case around the initiative and referendum.

Incidentally, as a serious objection, they cite that the constitution fixes no minimum price for the sale of school lands and charge that the Democrats are in a conspiracy to dispose of all that land to their friends at small prices, thus robbing the school fund.

Death Roll From Flood.

Malaga, Spain, Oct. 2.—The total death toll from the flood is now placed at sixty-seven persons drowned. Twenty-nine persons are missing.

LIPTON EXPRESSES REGRET

Sorry His Challenge to Race for the America's Cup Was Refused.

Dublin, Oct. 2.—Sir Thomas Lipton again has expressed his deep regret at the refusal of the New York Yacht club to accept his challenge to a race for the America's cup, and in a lengthy letter to the Royal Irish Yacht club he sets forth his reasons in detail. The letter in part says:

"I have already competed three times under the conditions of the deed of gift with the modifications arranged under the mutual agreement clause, and my personal experience of these contests is such that I consider that the handicap of having to design a vessel of the type which has been gradually developed during recent years and which shall be of sufficiently light construction, yet capable of being taken with safety on its own bottom across the Atlantic, entirely precludes the possibility of competing on equal terms with a vessel which is not compelled to make the ocean voyage."

"My present challenge was drawn up with a view to comply with the principal conditions of the deed of gift and at the same time encouraging the type of vessel which has been approved and adopted by the New York Yacht club."

"I recognize the members of this club are well within their right in deciding as they have done, yet I am sorry that they have not been able, under the mutual agreement clause, to meet me in my wish to have a race under their own universal rules, which, in my opinion, encourages a very wholesome and very desirable type of yacht."

CHALLENGE OF SWEDEN.

Underlying Motives for Her Attempt to Compete for Cup.

Stockholm, Oct. 2.—A deep feeling of patriotism and the desire to impress the world with the separate nationality of Sweden appear to be the underlying motives for the challenge to a series of races for the America's cup.

"All men applying to participate in this race from the captain down will be examined as to their nationality and any men having Norwegian blood, even as far back as the fifth generation, will be excluded."

These words were used by a prominent yachting authority in discussing the subject. Continuing, this man said that Swedish yachtsmen of recent years had diligently studied American methods of designing and racing yachts by means of the newspapers and visits to the United States. And although Sweden might not win, she certainly would go through the race with honor.

MAY BE TAKEN FROM JURY

Court May Order Acquittal in Case of Senator Borah.

Boise, Ida., Oct. 2.—Federal Judge Edward Whitson, presiding at the trial of United States Senator William E. Borah, will decide whether or not the case shall be taken from the jury and a verdict of acquittal ordered by the court.

At the conclusion of the government case Tuesday the defendant entered a motion for acquittal on the grounds that no evidence tending to connect Senator Borah with a land fraud conspiracy had been adduced. The motion was argued at length by Special Prosecutors Rush and Burch and by James H. Hawley of the defense. Senator Borah's counsel waived the opening arguments on the motion and Mr. Hawley declared he would not have spoken at all had it not seemed to him that the government counsel had each intentionally or unwittingly misinterpreted much of the testimony before the court. The jury was not present during the arguments.

Mr. Rush, in opening the argument of the government, said that there had certainly been tangible evidence of a conspiracy on the part of a few persons at least and in this view Judge Whitson said he coincided. The evidence against Senator Borah was circumstantial, Mr. Rush admitted, but tended to show that the defendant acted in concert with the other alleged conspirators to the extent at least of receiving in his office the deeds resulting from fraud and having these deeds recorded at his request. This act of the defendant, Mr. Rush asserted, placed him in the light of one who receives stolen property and required an explanation.

Mr. Burch also urged that there were enough suspicious circumstances to put the defendant upon his honor and argued that an attorney had no privilege above the ordinary citizen.

Eleventh Bomb Explosion.

Chicago, Oct. 2.—For the second time within a few weeks a bomb was exploded Tuesday night under the platform of the Wisconsin Central depot at Forest Park, formerly Harlem. The explosion is the eleventh in a series seemingly aimed at the leaders of a gambling ring. None of the explosions have done physical injury to any person and but small damage to property has resulted.

ROOSEVELT IN KEOKUK

President Receives Warm Welcome From Iowans.

FOR BOTH RICH AND POOR

Chief Executive Declares in Favor of Similar Treatment—Embarks on the Steamer Mississippi and Begins River Trip to St. Louis.

Keokuk, Ia., Oct. 2.—Keokuk put on her Sunday dress to receive the president of the United States when he arrived here at 9 o'clock Tuesday and the people of the city were assisted in their reception of the chief magistrate by a notable gathering of distinguished men, including the governors of more than a dozen states, a number of members of both houses of congress and the members of the inland waterway commission. The occasion of the president's coming was the movement in the interest of a deep waterway down the Mississippi river to the Gulf and this city was selected as the point of embarkation, on his voyage down the river, which will end at Memphis next Friday. He was given a drive through the city and made a noteworthy speech at Rand park to many thousands of people. The reception to the president both along the line of march and at the park was cordial in the extreme and he was in excellent health and spirits. He embarked on the steamer Mississippi a few minutes before noon and the vessel started for St. Louis. The president was accompanied by Governor Frantz of Oklahoma and Seth Bullock of the Black Hills. As at Canton, the president did not deliver his speech here just as he had prepared it and had given it to the press. He did not omit any feature, but frequently turned from his manuscript to interject extemporaneous remarks for the purpose of emphasis and elaboration. Before beginning he insisted that the ropes be let down so as to admit enough people to fill a number of vacant seats and when a man and a woman appeared carrying children he directed that they be given chairs.

"Now," he said, when these preliminaries had been arranged to his satisfaction, "you can proceed."

Similar Treatment for All.

Again, as on Monday, his theme was the similar treatment for rich and poor, and again he found occasion to point his story with familiar colloquialisms.

"Isn't this good doctrine?" he asked, after stating his proposition, addressing the Grand Army group in front of him, and when he received a shout of assent, he proceeded to say that he was always willing to help a man who stumbles and falls, but not to carry the man who "lies down." "It does him no good, and it is too much for me," he added. He dwelt on the necessity for self mastery, declaring that "every man must have a master," and adding that "if he does not master himself, someone else will do so."

In another connection he laid down the general proposition that "an A 1 private soldier is worth a number of poor major generals," but added that an A 1 major general is invaluable, the point being that individual merit is the pearl of great price in every walk of life.

He was willing to help the big railroad man if he was honest and would protect him against the demagogue, but he would not desist in his condemnation of those who were not acting honestly.

"You will remember that a year ago I expressed my opinion of certain undesirable citizens," he said, "and I stand by what I said." He added that he would always condemn the man who incites to murder and would demand punishment for that offense, as he would for the crime of the corporation criminals; he would treat both alike and just as he would treat other offenders.

He also emphasized the importance of preparation for any work. That the American people can "whip the world" he conceded, but he contended that they would have a hard time doing it if not prepared. The president's plea was for preparedness and organization. He spoke of the claim of some that America can whip the world and said that even if this should be true it must suffer in doing so. There was no boast in that direction, but on the contrary a warning of danger in case of lack of preparation. He would have all, both men and women, do well some work that was worth doing, and he announced his contempt for the woman who would shirk her duty as a wife and mother.

There was a considerable rainfall during the delivery of the speech, but the president did not allow it to interfere in any way.

FORFEITS HIS BAIL.

Supposed Chemist Fails to Appear in Court.

New Rochelle, N. Y., Oct. 1.—The excitement under which New Rochelle labored Sunday when Samuel Bolin, who posed as a wealthy physician, was arrested on a charge of burglary, was augmented Monday when developments came thickly.

In the first place, Bolin failed to appear in court when his case was called and the \$3,000 bail which friends had put up for him was forfeited. The next shock came when Mrs. Bolin told the police that while she believed her husband owned an interest in a drugstore in Harlem, his regular occupation was that of bartender in a saloon in the Bronx. Then came the assertion that Bolin had served a prison term in New Jersey and had been arrested for burglary and other things in New York.

This was followed by the report that Mrs. Bolin had attempted suicide. She threw herself in front of a slowly moving trolley car on Main street Monday afternoon, but the car was stopped before she was in any particular danger. Later the police stated that she had disappeared from town and they did not know where she had gone.

According to the story of Mrs. Bolin, her husband attempted twice to kill himself after he was released on bail Sunday night, but she prevented him. Soon after, she said, he left the house and disappeared.

Bolin and his wife, who moved here two months ago and bought a house in the exclusive section of town, were received into society and became very popular. Bolin was understood to be a physician and chemist and proprietor of a drugstore in Harlem. Early last Thursday morning, the police claim, he attempted burglary at Abraham Levinson's hardware store.

His counsel, Judge John A. Van Selin, told the court Monday that he believed his client had killed himself.

The "Simple" Young Man.

Count Nigra was originally a minor official at Piedmont, his chief occupation being to arrange the books and documents in the registry. One evening Count Cavour asked the director of the registry if he could lend him one of his clerks to accompany him to Paris. "The only one I have," said the director, "is the young man at the top of the ladder; he is, however, very simple and inexperienced." "That does not matter at all," said Cavour; "the sturdier the better." Nigra traveled with Cavour to Paris as his secretary. After some days Cavour said, "Tonight I must compose a note to the powers; it will, however, be late when I return, but you must remain up for me." Upon Cavour's return he found the note already written. He read it as composed by Nigra without altering it. "This is well, young man," he said, "but how is it that you were described to me as simple?" Nigra answered, "Excellency, no one has hitherto demanded any intelligence from me." Cavour said, "You have a decided talent for diplomacy, and I shall keep you in my service."—St. James' Gazette.

David Northrup, 918 Fron St., Brainerd, Minnesota, says: "Backache and kidney complaint were of short duration in my case after I began using Doan's Kidney Pills, procured at H. P. Dunn & Co's drug store. There has been a dull steady aching in my back and lameness across the loins. It only required one box of Doan's Kidney Pills to regulate the action of the kidneys to a normal condition, remove the backache and impart tone and strength to the parts affected. From the results I obtained I believe any sufferer from kidney complaint will find in Doan's Kidney Pills a most valuable remedy."

What does this accomplish? Anything more than theory? Yes! The way to heat a room quickly is to circulate the air, bringing it rapidly into contact with the heated surfaces. The Acorn Base Burner will circulate all the air in a 12x15 room 10 foot ceiling, through its base in 54 minutes and leave the top of the stove hot enough to light a match. The larger part of this heat would escape out of the chimney if it were not caught and carried into the room by the circulating flue.

and Gun Went Off

August Tolefson, the fifteen year old son of Ole Tolefson, of Nokay lake, was fatally wounded Tuesday afternoon while hunting. In company with a younger lad, named Lave Hanson, Tolefson was out in a boat on Nokay lake, a small lake near his home. Tolefson attempted to pull a shot gun toward him over the seat of the boat when the hammers caught and the gun discharged. The entire charge entered the right leg just above the knee, severing the main artery. Roy Tolefson was across the lake hunting and seeing the outcry of the boys hurried over and carried the wounded boy to the home of T. C. Pointon, where arrangements were made to bring him down at once. He died however before they reached the city, having bled to death. Mr. Cook, who came to town to see him was seen by a DISPATCH representative this morning and said the boy bled so that he was very weak when he reached him, in less than minutes after the accident. Ole Tolefson, the father, is in North Dakota, the boy, with an older brother and a younger sister, being alone on the farm, the mother having died some years ago. No arrangements for the funeral have been made, the friends intending to hear from the father.

Brainerd Has Lowest Rate

Through the financial troubles recently experienced in St. Cloud and the question of street paving in that city a question has been going on there as to the tax rate in comparison with other northwestern cities. It might be of interest to many here to know the rate in several cities with which St. Cloud rate had been compared. Following is the list published in the St. Cloud Times:

St. Cloud	55 mills.
Willmar	37.1 mills.
Wahpeton, N. D.	70.9 mills.
Brainerd	31.5 mills.
Little Falls	48.2 mills.
Argo, N. D.	46 mills.
Bert Lea	34.2.
Midji	43.8 mills.
Irona	34.6 mills.
and Forks, N. D.	64.3 mills.

The above it will be observed that Brainerd has the lowest rate at 31.5 mills, while Wahpeton, N. D., has the highest with a 70 mill rate. St. Cloud's rate will probably be 41 to 43 mills next year on account of increased expense, etc., but even then it will be considerable below the rate of Little Falls, which is 48.2 mills.—Transcript.

M. J. Sasgren Begins Suit for \$10,000 in Chicago Courts Based on Alleged Swindler

M. J. Sasgren, formerly of this city, who went to Michigan three years ago to engage in the manufacture of a patent derrick or something of the sort, claims he fell among thieves according to an article in the Chicago Examiner. It says:

"William Rupp, Jr., cashier of the Chicago Trust & Savings Bank, and John L. Taylor were made co-defendants yesterday in a suit for \$10,000 begun in the Superior Court by M. J. Sasgren. The latter's attorney, F. A. Bingham, declared that the suit was based on the alleged swindling of Sasgren out of \$4,000—the money he had—in Benton Harbor, Mich., three years ago."

DITCH HEARING TODAY

Parties Interested in Land Affected by County Ditch are Being Heard by Commissioners

An interesting hearing is in progress before the county commissioners today, being the matter of establishing Ditch No. 14. This is the famous Crow Wing ditch over which there has already been considerable controversy, both in the papers and otherwise. The property owners are represented by Judges Alderman and Fleming, while Judge Warner looks after the county's interests in the matter. Engineer Morgan, of St. Cloud, who made the surveys and estimates for the ditch was under examination by the attorneys for a portion of the forenoon, being questioned as to the feasibility, permanency and cost of the ditch. The hearing was continued this afternoon and at the time of going to press no decision had been rendered by the commissioners.

DELIVERS ADDRESS**

Good Sized Crowd Went to Pine River on Special Train to Hear Congressman

SIXTY-FIVE TICKETS WERE SOLD

Good Races Were Scheduled for Today and a Fine Time Was Undoubtedly Had There

There was a good sized crowd went to Pine River this morning on the special train to attend the Pine River fair and listen to the address of Hon. C. A. Lindbergh. There were 65 tickets sold at Brainerd which was fully up to the expectation of those planning the excursion. The inclement weather last night may have deterred some from making arrangements to go, but the weather was perfect this morning. Among those who went from Brainerd were: Mr. and Mrs. L. S. Budd and Miss Rasmus, Mrs. Budd's sister, Mrs. Saunders and Miss Saunders, Mr. and Mrs. J. E. Brady, Mr. and Mrs. P. J. Walters, Mr. and Mrs. George Sargeant and son, Mr. and Mrs. Fred Drexler and daughters, Mr. and Mrs. A. J. Sterrett, Mr. and Mrs. Chris Kretsch, Mons Mahlum, Archie Purdy, A. T. Larson, M. T. Dunn, Geo. Fricker, Jens Molstad, A. G. Lagerquist, J. M. Hayes, Mr. and Mrs. Stewart, J. C. Hessel, Jr., John Carlson, H. J. Spencer, Grover Koop, Charles St. Peter, Wm. Erb. Others went doubtless from East Brainerd and it was impossible to get the names of all who went from the depot.

The North Star baseball team went along this morning and will play the Pine River Giants, the 1906 champions of this section.

DEERWOOD NOTES

Miss Marjorie Archibald went to Brainerd on Saturday noon to visit her aunt, Mrs. R. B. Coffin, who is at St. Joseph's hospital.

Miss Ethel Archibald came in from her school at Germantown and went to Brainerd Saturday noon to visit her brother Earl and Aunt at St. Joseph's hospital.

Miss Elama Howe returned on Tuesday last from a month's visit with relatives in Wisconsin and southern Minnesota.

Beriah Magoffin, Jr., and bride from Duluth are domiciled at the "Adams" for a month.

A large building is going up back of Hogan's blacksmith shop for the storage of drills this winter.

Rev. Justis Parish left Tuesday noon for Minneapolis to attend conference, which will be held at Fowler church. Walter J. Smith will hold services at the Methodist church during the absence of Rev. Parish.

The Ladies Aid of the M. E. church will meet with Mrs. Paul K. Wetzel Thursday afternoon at 2 o'clock.

C. J. Rathvon has his land office ready and it looks quite neat and business like with the roller top desk, inviting chairs, etc. Mr. Rathvon is ready to do a strictly up-to-date land and insurance business and we wish him success in his new business venture.

Well, I declare, if Andrew Olson and Anton Moe aren't going to "batch it" on Tom Taylor's place on the other side of Rabbit Lake. Andrew will be chief cook and Anton assistant. They are going to work on the drills while they are not busy cooking. We are going out to take dinner with them some Sunday and if we see they are short of anything in the baking line the girls propose a shower of cake, pies and cookies. Albert Olson brought out a wagon load of groceries Sunday.

Mrs. Frances Shepherd, of Brainerd, is at R. B. Coffin's keeping house during the illness of Mrs. Coffin.

Miss Belle Whitten entertained a few friends on her birthday.

The Norwegian Ladies Aid expect to have their social Oct. 19th.

O. C. Coffin was a Brainerd visitor between trains on Saturday.

O. E. Culver is wearing a smile of contentment these days. The reason for it is that his wife came last week and they are comfortably settled in the Shallman house.

Mrs. Anton Torgenson is going to move into the Rathvon place, which they recently purchased and Mr. Rathvon will move into the Elmore house, which was vacated on Saturday by Mrs. Bartens.

Contradiction. "There's no smoking here!" shouted the conductor, severely.

"I hate to call you a liar," said the individual at whom he was looking, "but what do you think this is I am doing!"

Isabel Irving

Clyde Fitch's latest comedy of New York life, entitled "The Girl Who Has Everything" will be the attraction at the opera house Thursday, Oct. 3. The production, which is under the direction of Liebler & Co., brings out as a star, that delightful comedienne, Isabel Irving. Miss Irving is so charming, so refined and exercises her art with such delicate discrimination that she always makes her points tell whether they lie in comedy or sentiment. Seat sale opens at Dunn's drug store tomorrow morning. Special prices, \$1.50, \$1.00, 75, and 25 cents.

Ezra Kendall

A Kendall play in the Kendall way, which means a fun play, full of wholesome wit and humor, a simple yet intensely interesting love story which gets a real grip on one's heart, and which altogether forms an evening of genuine and continuous entertainment, is "Swell Elegant Jones," the fun show in which Ezra Kendall comes to the opera house Saturday, Oct. 5. Quaint comedy, keen repartee, homespun philosophy, and unique observations permeate the lines of the humorous characters and interesting, coherent story, which is in a small Indiana village, Martinsville, near Indianapolis. The character assumed by Mr. Kendall is that of a newly rich, homely sort of man, whom his neighbors in derision designate as "Swell Elegant Jones" on account of his efforts to live up or down as the case may be to his recently acquired wealth.

Dominion Stock Company

The Dominion Stock Co., which has been rehearsing in this city for some days, preparatory to making a circuit through Canada under the management of C. P. Walker, gave a benefit performance last night at the opera house for the benefit of the striking boiler-makers of Pine City Lodge, No. 116. A large audience greeted the company at their initial performance, and judging by the enthusiastic applause the company more than made good. The play presented was the stirring melodrama "Just After Sunset" and it is not faint praise to say that each member of the cast was adequate in the role assumed. Manager Fox was cast for Jackson Wolf, the villain, and he was sufficiently villainous, notwithstanding his well known genial and kindly disposition, to evoke hisses from the gallery gods. Mr. Whitehead as Jerry O'Toole, William Winterhoff as Marcus O'Dare, Wm. Murray in the dual roles of Joe Dawson and Glazier, Annie Louise Hart, as Lucille Derrington and Blanche Small as Beth Dawson shared with Mr. Fox the approval and admiration of the audience. The company with a little practice will certainly make an exceptionally strong repertoire organization and will meet with undoubted success.

They will appear tonight again for the benefit of the boiler-makers in the screamingly funny farce comedy, "My Nephew's Wife."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

Y. M. C. A. Notes

Last evening the first class in boxing and fencing met in the Y. M. C. A. gymnasium. These two classes are meeting together for a while on Tuesday and Friday nights in getting their setting up exercises in leg and arm movements and wind and punching bag exercises. Mr. Deakes, who has had several years thorough training in gymnasium work and has also marched thousands of miles with the English army in the Boer war, all of which has given him excellent development, is well pleased with the class, and the type of young men composing it, they being representative office and professional men. They, in turn, are also pleased with the method of instruction given and this mutual satisfaction is bound to bring results. Several who were not present last evening will be in the class at an early date. The class meets again Friday evening at 8 p. m. From 8 to 9:30 tonight the class for young men meets again. Also the regular monthly meeting of the board of directors will take place at 8 p. m. this evening.

What four tailors?
TRADE MARK REGISTERED 1905

THE MAKING of clothes to measure involves many intricate operations, each of these operations must be performed by an expert, otherwise the suit is irretrievably ruined and not fit to wear.

Our Chicago Clothes Makers, Ed. V. Price & Co., select their operatives with care and every man in their employ represents the best in the professions represented. This means more money expended, for high grade tailors command the best wages, but it also means better made, better fitting clothes for you at less price than the small tailor can or will give you.

They have facilities for absolutely fitting each suit over the lines and curves of the body—suits that carry distinctiveness and style and are their own insurance on durability.

A Superman's Pain.
Among the acutest of the small miseries of my existence has been that of seeing a man or more frequently a woman take up and lay down in the midst of a running fire of desultory conversation in the trains, on the steamers, in the halls of hotels or on the seashore a story on which I might have spent all my strength and have written, as I supposed, with my heart's blood.—Hall Caine in Book Monthly.

STOP THE STRENUOUS LIFE

Weakens the Tissues and Lessens Organic Vitality

The stress and strain of the strenuous life in both city and country tends towards stomach troubles. Five people suffer to-day where one did ten years ago with sick headache, dizziness, flatulence, distress after eating, specks before the eyes, bloating, nervousness, sleeplessness and the many other symptoms of indigestion. All who are suffering with stomach troubles, and that means at least two out of three in Brainerd and other towns, should use Mi-o-na stomach tablets. Nothing else is safe, yet effective; nothing else can be so thoroughly relied upon to relieve all troubles from indigestion as Mi-o-na.

It is not a mere digestive taken after the food is eaten, but a true tonic, stimulant and strengthener for the muscular walls of the stomach, increasing the flow of digestive fluid and putting the stomach into such condition that it does the work Nature expects of it. So reliable is Mi-o-na in its curative action that H. P. Dunn, with every 50-cent box he sells, gives a guarantee to refund the money unless the remedy does all that is claimed for it.

"Will you take this man to be your lawful wedded husband; love, honor and obey him?"
"Look heah, judge," suddenly exclaimed the woman, "I's promised to wash an' iron for dis nigger, but I will be derned if I's goin' to let him boss me!"—Exchange.

If you look as though you couldn't do the work, most men will jump at the conclusion you can't. Right clothes pay big dividends in good opportunities. That's why we say—

APPEAL TO CONGRESS

Made by Convention of Attorneys General.

RESTRICT FEDERAL COURTS

State Officials Would Limit the Jurisdiction of United States Circuit Courts—Minnesota Man Presents Important Resolution.

St. Louis, Oct. 2.—Action that will have far reaching effect in anti-trust and corporation litigation and which will bear fruit in almost every state in the Union was taken by the convention of attorneys general in its final session here Tuesday. A committee was appointed to draft a scheme of anti-trust legislation to be sent to all attorneys general. A resolution was adopted which is expected to remove a thorn in the flesh of the state officers, the reference by federal circuit courts with the operation of state laws. Permanent organization was also effected under the name of the "National Association of Attorneys General of the United States" and a united front will be presented in legal actions brought by different states against the same corporations or trusts.

The resolution, which was presented by Attorney General Young of Minnesota, is in the shape of a memorial to congress and is as follows:

"Whereas, the efficient administration as well as the preservation of our dual system of government requires that each sovereignty be permitted to exercise its function as defined by the federal Constitution unhampered by the other; therefore be it,

Law to Curtail Power of Courts.

"Resolved, by the convention of attorneys general of the several states here assembled, that we earnestly recommend to the favorable consideration of the president and the congress of the United States the enactment of a federal law providing that no circuit court of the United States or any judge exercising powers of such circuit courts shall have jurisdiction in any case brought to restrain any officer of a state or any administrative board of a state from instituting in a state court any suit or other appropriate proceedings to enforce the laws of such state or to enforce any order made by such administrative board; but allowing any person or corporation asserting in any such action in a state court any right arising under the Constitution or any laws of the United States to have the decision reviewed by the supreme court of the United States as now provided by law.

"We also recommend that suits in federal circuit courts by persons interested in corporations to restrain such corporations from obeying the laws of states in which they are doing business, be prohibited."

The convention continued discussion of the paper read Monday by Attorney General Young of Minnesota on "Conflict Between State and Federal Courts." The discussion was led by Attorney General Garber of Alabama and was participated in generally.

Suggestion Eagerly Discussed.

Mr. Young's suggestion that congress deprive all federal courts except the supreme court of the United States of the power to restrain or interfere with in any way the action of state courts or the executive officers of the sovereign states was eagerly discussed.

"Were this done," said Mr. Young, "it would leave the relations between the sovereign states and the United States where the framers of the Constitution intended they should be."

"It would do away with the system which permits a federal circuit judge on the statement of a few persons or the officers of a petty institution of some kind to defy the power and laws of a great state by issuing an injunction."

"Too much interference by federal courts with the work of state officials in carrying out the wishes of the people of their states and the laws of their legislatures will lead to revolution. The War of the Revolution arose from the infringement of the rights of the colonists. It may be remembered. The people of the United States do not wish to be ruled by a judicial oligarchy."

Referring to his violation of Judge Lechren's order, Mr. Young said:

"I propose to tell him that I violated his order for the express purpose of having the jurisdiction of the federal court in state matters tested. I expect he will fine me. If he does, I will at once institute habeas corpus proceedings in the United States court that will bring the question up there directly."

On recommendation of the committee on organization the following were chosen as officers: President, H. S. Hadley of Missouri; secretary and treasurer, William H. Dickson, Colorado.

MANY LABORERS KILLED.

Another Slide Occurs in Quarries Near Victoria, Mex.

El Paso, Tex., Oct. 2.—News has reached here of another slide in the Mexican Central quarries near Victoria in which many laborers were buried alive. Sixteen dead and eleven fatally injured have been taken out. It is known that many others are buried under the tons of earth and rock with no hope of being rescued alive.

CHARGED WITH CONSPIRACY

Grand Jury Returns an Indictment Against Caleb Powers.

Frankfort, Ky., Oct. 2.—The Franklin county grand jury Tuesday returned an indictment charging Caleb Powers, now being held with others on a charge of the assassination of Governor Goebel, with conspiring together with intent to procure others to swear falsely as witnesses in the Scott circuit court, to the effect that Henry Youtsey of Newport, now in the state prison under conviction of complicity in the Goebel case, had admitted that he fired the shot which killed Governor Goebel in January, 1900.

The others indicted with Powers are Howard H. Denton of Newport, a lawyer; Jennie Gentry, alias Julia Sars of Lexington, and Dave Cushing, said to be of Kenton county.

The indictment charges that those named unlawfully conspired for the purpose of inducing John Rogerson, alias J. C. Martin, and J. C. Matteson, two convicts in the Kentucky penitentiary at Frankfort, Ky., to falsely swear at the coming fourth trial of Caleb Powers that Henry Youtsey, now in the penitentiary at Frankfort, in the presence of John Rogerson and J. C. Matteson said that he fired the shot that killed William Goebel and that he was alone responsible for it and the other persons accused had no hand in it, also that he had heretofore sworn falsely against Caleb Powers.

VICTIM OF BOMB OUTRAGE

Former Oregon Sheriff Killed by Dynamite Explosion.

Baker City, Ore., Oct. 2.—Harvey K. Brown, ex-sheriff of Baker county, died Tuesday afternoon at the hospital here as the result of the horrible injuries he received from the explosion of a bomb at his front gate as he entered his home at 10:45 o'clock Monday night.

Shortly before he died Mr. Brown recovered consciousness and his antemortem statement was taken by the district attorney. It follows:

"I was on my way home from up town last night when I met a man in front of a residence which is a block from my house and spoke. The man made no reply. This man was about five feet, ten inches tall; his weight was 165 pounds; he wore a brown suit and a celluloid collar and was clean shaven. I have been conscious of having been followed for the past three weeks and I have no doubt that those who attempted my life are persons connected with the Western Federation of Miners, and that I was marked for death on account of connection with the Steunenberg and Steve Adams cases."

Entire Town Wrought Up Over Crime.

The entire town is wrought up to almost a frenzy. Practically no business is transacted.

Harvey K. Brown is the man who arrested Steve Adams for the murder of a claim jumper in Idaho and for the past six months had been engaged in detective work for the state of Idaho. He was a witness against Steve Adams and expressed his fear of taking the stand for it is alleged he said he knew he never would escape alive if he did.

Brown had been very gloomy and downcast for several days past, and when asked concerning his troubles by a friend he replied: "I am a doomed man. Those people in Idaho will get me yet." Before he became unconscious Monday night he said: "They have laid for me and got me at last." It is also said that Brown received an anonymous letter warning him to leave the country or his life would be taken.

The bomb was made of dynamite and was placed inside the gate. From the bomb a wire ran across the walk and to the top of a picket fence. The only evidence to show where the criminal concealed himself was the wire, which could be traced into the middle of the road.

TAFT AT YOKOHAMA.

Secretary of War Entertained in the Japanese City.

Yokohama, Oct. 2.—Secretary and Mrs. Taft were the guests of honor at a brilliant reception at the American consulate here Tuesday afternoon under the auspices of the Asiatic association. Features of the entertainment were the presentation of a silver tea service to Mrs. Taft from the city of Yokohama and the exchange of significant and friendly speeches between Secretary Taft and prominent Japanese.

The entire city council headed by the mayor of Yokohama, were present, as was the governor of Suifu, the members of the prefectural municipal assemblies and a number of representatives of the diplomatic corps at Tokio and the consular corps here. The ladies came in after the informal levee.

The mayor of Yokohama, in excellent English, assured the secretary of Japan's friendship. The mayor then presented the tea service to the secretary's wife.

In reply Secretary Taft emphasized the reciprocal nature of the commerce between the United States and Japan, which, he declared, precluded any idea of hostilities. The secretary said he considered Yokohama to be the connecting link, the commercial stepping stone, between America and Japan, and that consequently the function of Tuesday afternoon was particularly significant.

CHICAGO OUT OF THE RACE

American League Pennant Will Go to Detroit or Philadelphia.

Washington, Oct. 2.—The Detroit Tuesday again demonstrated the staying qualities that have signalized their playing in the East and won out after having allowed their opponents to gain what appeared to be a winning lead. In the sixth inning, with two men out and the score 3 to 1 in favor of Washington, Cobb began a batting rally with a single to center. Rossman hit into the crowd in left field for two bases, Cobb going to third. Coughlin doubled to right, tallying Cobb and Rossman and tying the score. Schmidt drove Coughlin home with a single to left and the inning ended with the score Detroit 4, Washington 3. Detroit clinched the game in the next inning, Schaeffer scoring after two were out, on his single, a steal and Crawford's single to center, making the final score 5 to 3 in favor of Detroit.

As Philadelphia shut out Cleveland, the position of the leaders remains unchanged. Chicago was put out of the race by being defeated in New York. The scores follow:

At Boston, 1; St. Louis, 2.
At New York, 3; Chicago, 1.
At Philadelphia, 4; Cleveland, 0.
National League.

At St. Louis, 2; Boston, 1.
At Cincinnati, 3; Brooklyn, 0.
At Pittsburgh, 5; Philadelphia, 12.
At Chicago, 2; New York, 1—eleven innings.

LUMBER TRUST INQUIRY.

Federal Grand Jury in Session at Minneapolis.

Minneapolis, Oct. 2.—The federal grand jury, which is to investigate the alleged fraudulent use of the mails by the so-called lumber trust, convened in this city during the day.

More than 235 witnesses were subpoenaed. The investigation is in charge of C. C. Haupt, United States district attorney, Judge William H. Munger of the federal district court of Nevada presiding.

The so-called lumber trust is charged with the circulation of a little black book urging farmers and others to ask the mail order houses for a catalogue. This is said to have been done for the purpose of causing a large expense to the mail order people in furnishing catalogues to those who do not intend to buy.

Costly Fire at Port Limon.

Mobile, Ala., Oct. 2.—The master of a fruit steamship arriving here reports that on Wednesday last a conflagration destroyed four blocks in the business section of Port Limon, entailing a loss of \$600,000 and resulting in the death of several persons.
